Democratic Hispanic Caucus of Florida Endorses Secretary Hillary Clinton for President of the United States and Vice Presidential Candidate Tim Kaine

Orlando, Florida – The Democratic Hispanic Caucus of Florida is proud to announce the endorsement of Democratic Presidential Nominee Secretary Hillary Clinton for President of the United States and US Senator Tim Kaine Candidate for Vice President. We stand by them because of their unwavering support for the Latino Community in issues concerning the economy, job creation, raising the minimum wage to \$15.00 dollars an hour, comprehensive immigration reform, health care, education, social security benefits, civil rights, and equality for all.

Secretary Hillary Clinton is an experience proven leader who will fight to ensure that the Hispanic community will have a level playing field in America. We need leaders who will embrace all Americans and believe that we should all be treated with equal respect. We look forward to supporting our first woman president of the United States and witnessing history in the making.

Juntos Se Puede,

Vivian Rodriguez

President

Democratic Hispanic Caucus of Florida
